The Signal Jammer

TSJ-WiFi-Bluetooth-5GHz
## User manual

Contents:

Unit *1

Power adapter *1

Function introduction:

ABS shell material

Cooling Fan

Switch 1

Switch 2

LED Indicators

DC12V charging port

Notes:

- When the power on, keep the unit away from direct contact with computers, notebook PCs, televisions, audio and AM/FM radio to prevent interferences.
- Do not place the unit on or near other metal or electrical components to prevent interference.
- The normal operational temperature can be HOT - about 65°C. However, if the temperature is higher than the above, turn off the power immediately, let the unit cool down, and contact The Signal Jammer support desk for help.
- Functional coverage of the unit will depend upon the location and strength of local signals and signal interference.
- Placing the device at a higher position can provide better coverage. 2 meters height is recommended for best practices.
- The unit should be fully charged in the OFF position prior to first use.

◆ You can choose channels independently

When the switch light is pressed, the LED light indicates that channel is working.

1. Switch 1 (2.4GHz WiFi and Bluetooth) and switch 2 (5.2GHz 5.8GHz WiFi) can be enabled respectively to control the WiFi frequency, both on or either on independently.

Product characteristics：

1. Switch 1 independent control 2.4G+5.8G {When switch 1 is on, only the key is on, and the work indicator is off}.

2. The No.2 switch controls 5.2G (in particular, the No.2 switch can be started only after the No. 1 switch is opened, and the work indicator {red light} is on).

3.Charging is in DC-12V fast charge mode (50% full in 30 minutes).

Product name	Full Band wifi blocker -W9
Product function	Block all wifi signals (2.4+5.2+5.8), including hotspot and Bluetooth signals
Radius	10-15 meters
battery	6800 mah, continuous operation for up to 2 hours
Power supply	Home charger, 12V output battery
Product size:	8x5x18.5 cm (Length * width * height)
Packing box size:	17x7x24 cm (Length * width * height)
Weight:	0.7KG
